Barbara/Kim - Thank you both for reaching out & I'm so sorry for the delay in getting back to you. We had a breakthrough COVID case within our staff last week that has forced us to overhaul our operational policies and procedures in light of developments with the Delta variant and increasing breakthrough cases. I have flexibility during the following times this week:

- 8/26, 2-4pm
- 8/27, 9am-12pm

I look forward to speaking with you.

Shannon

Hi Shannon,

Would you have time this week for a 30 minute call? Possibly Tues or Friday morning? We would like to discuss the EPA Grant #00D97919-1 which was originally awarded in February last year and was extended this year. We know there are challenges with implementation of the project due to Covid, but would like to understand how LBC might be considering moving forward.

Thank you,

Barbara Alfano

Subject: Call to discuss project

Good Morning Shannon:

We would like to have a call with LBC to discuss the project, get an update for management and see if and how we may be able to help.

We are available most Fridays to discuss. Are you available next Friday before 1 PM?

Thanks,

Kim
